Thanks for choosing to Partner with the Valley Agricultural Society

The Valley Agricultural Society (VAS) is a not for profit, volunteer-based organization. We were originally formed in 1895, however it wasn't until 1964 that we added our flagship event, The Manitoba Stampede & Exhibition. Our primary goal is promoting an increased awareness of the importance of the agricultural sector in rural communities as well as providing leadership in the region for the development and enhancement of partnerships for tourism and Agri-tourism. To this day we remain Manitoba's only professional rodeo and in 2017 we added Rumble in the Valley which has become Western Canada's largest truck and tractor pull. In 2018 we partnered with Teen Challenge for their demolition derby and we are looking forward to having them return in 2020. In 2019 a new partnership was formed with Howl at the Moon music festival as they brought a country music festival to our site featuring acts including Dean Brody, Lonestar and Emerson Drive. We are looking forward to welcoming them back in 2020 for a three-day music festival.

The VAS offers a unique way to market and promote your business and enhance your market visibility. We are located next to a world class curling arena and our grounds host multiple events throughout the year. In 2018 we began a partnership with FloRodeo in order for the Manitoba Stampede and Exhibition to reach new viewers around the world through online viewing and, as a result, we have restructured our Partnership opportunities by including packages to better suit the needs of our sponsors. If you have an idea in mind and do not see it listed, feel free to contact us as we are always willing to work with potential partners to make a package that best suits your needs. Also, we offer discount opportunities for multi year contracts on your sponsorship and you will find these listed at the end of this form.

We look forward to years to come of new opportunities and partnerships with organizations such as yours.

Sincerely,

The Valley Agricultural Society Board of Directors
